

# A SIMPLE WAY TO PUT YOUR DATA ON-CHAIN

READY FOR COMPLIANCE

BLOCKSIZE ORACLE provides market data of a financial institution to smart contracts by creating and running a decentralized, safe, and compliant oracle. Customers can earn money by providing their existing data on-chain and select from a wide array of features such as whitelisting, data encryption, KYC, compliance shield, and more.

- Earn with your data on-chain
- Get tokens or fiat income
- Respect regulatory compliance
- Outsource oracle operations

- Protect your data on-chain
- Experiment with data classes
- Don't miss the DeFi opportunities
- Be a first mover

BLOCKSIZE is headquartered in Germany. Transferring German excellence in engineering, compliance, and stability to users worldwide – by ensuring the solutions work in the markets relevant to the customers.
